

Dear Ministry Partners,

Thank you for your prayers during this last month, it is clear that God is answering some of your prayers on our behalf. I want to mention two specific examples. One comes from our sending church. Our sending church has a prayer calendar for all its' missionaries. The week that Amy and I were being prayed for was an especially productive week. During that week we were able to get visits with four different churches and of those four churches two appear to have an interest in partnering with us. Thank you for praying.

The second example comes from the Biennial meeting of Converge Worldwide/BGC in Denver. The meeting was held June 30-July 2. It is a time when many pastors and church members in Converge/BGC get together. And it is a great time to meet with pastors and missions people. One of the highlights of the meeting is the missionary commissioning service on the last night. After some discouraging news earlier in the day I didn't realize how encouraging the evening would be. A friend (who will remain nameless so his reward is in heaven) raised about \$300 per month in support for us. We were surprised, humbled and greatly encouraged! The reason I list this under the topic of answers to your prayers is that I believe, and it is this person's testimony, that he sensed the Holy Spirit moving him to do this on our behalf. I don't believe that we can control God with prayer, but God does invite us to pray and does respond to our prayers. So again thank you for praying!

Prayer is important now for finding ministry partners willing to pray and give financially. However, prayer will only become increasingly more important for a fruitful ministry while we are in Cameroon. As you pray for our partnership needs, please also pray for the Cameroonian church and ministry of the Cameroon Baptist Theological Seminary.

Where are we now? We are at 95% and need just under \$400 more per month. Our deadline is looming large. We have until the end of July to reach this goal, otherwise language school will be postponed until January 2011. Please continue to pray that God would meet this goal.

We are most grateful and humbled by your prayers and partnerships! You encourage us and we thank you for praying.
