

Dear Friends,

Something exciting is "in the wind." The Spanish-speaking congregation in Mankato is planning, with the help of a number of Hispanic churches in the Twin Cities, to reach other Spanish-speakers in and around Mankato with the Good News. This is a first large-scale cooperative ministry that has taken place outside of the Twin Cities--that I know of!! Bethel Baptist is working with the Latinos in this effort on May 22nd. A meal will be prepared for the workers at 2:00 p.m. and the evangelistic message will be presented at 4:00 p.m. Please pray for fruit! Much effort has been put into this; however, we know that nothing is accomplished for the Kingdom without prayer. God is at work! Please participate by prayer in this effort with the Evangelism Team in Mankato, MN.

We'll share with results with you soon.

blessings to each,

chuck and betty selander
